**Table 19: Maximum Ground-Transmitted Vibration
[Amended 7-27-2016 by Ord. No. 16-16]**

Use	Maximum Permitted Particle Velocity ¹	
	At Adjacent Lot Line	At Nearest Residentially Zoned Lot Boundary ²
Heavy industrial	0.2	0.02
Other	0.1	0.02

NOTES:

- 1 Where vibration is produced as discrete impulses (impact vibrations) not exceeding 100 per minute, maximum permitted velocities may be doubled.
- 2 Between 7:00 p.m. and 7:00 a.m., maximum permitted velocity at residentially zoned lot boundaries shall be reduced 50%.
