Table 19a: Maximum Smoke Emissions

	During One Hour Per 24-Hour Day ¹		All Other Times	
	Heavy Industrial	Other	Heavy Industrial	Other
Maximum permitted smoke units ³ per hour per stack	32	16	16	8
Highest Ringelmann Number permitted	3 ²	2 ²	2	1

NOTES:

¹ When blowing soot or cleaning fires.

² For a maximum duration of three minutes.

³ The number of smoke units is the product of the Ringelmann Number and the number of minutes the smoke is visible.
