## RAPHO CODE

### NOTES:

N/A: Not applicable

- <sup>1</sup> Greater than 20 feet but less than or equal to 25 feet, provided such structures are set back a minimum horizontal distance equal to their height from the side or rear lot line.
- <sup>2</sup> Regardless of the required minimum yard setbacks required in the applicable zone, any lot used principally for nonresidential, nonagricultural/forestry purposes, adjoining land or across the street from land within the (R) Zone or residential zones shall be maintained with a seventy-five-foot yard setback which shall be improved with a landscape screening strip and screening in accordance with Article V relating to screening and landscaping (§ 350-526). No principal or accessory use, building, structure, off-street parking lot, loading area, outside storage, or outside display shall be permitted within the additional required setback area.
