NOTES:

- 1 On curves and culs-de-sac, lot frontage may be reduced to not less than 75% of lot width, provided that lot width requirements are met at the setback line.
- 2 Floor area ratio (FAR) is limited to a maximum of 25% except that the maximum allowable FAR for the ROM Zone located south of the Norfolk Southern R,R shall be 30%. The maximum allowable height for a principal building located in the ROM Zone south of the Norfolk Southern R.R. shall be 60 feet and four stories.
- 3 Increases of lot coverage may require conformance with the design and performance standards for stormwater management. Applicants for development should review Chapter 199, Stormwater Management, for applicability.
