PORT WASHINGTON CODE

FOOTNOTES:

- ¹ In new plats approved after January 1, 1982, the Common Council may upon favorable recommendation of the Plan Commission allow the lots in the R1, RS-1, RS-2, RS-3, RS-4, RS-5 and RS-6 Districts to be up to 20% narrower in required minimum average width, provided the total lot area is increased 80 square feet above the minimum required lot area for each one foot the lot width is reduced, and provided further said lots will not be directly facing existing wider lots.
- ² When an attached garage of 400 square feet is included for each dwelling unit, the minimum required first floor area is reduced by 100 square feet.
- ³ May be reduced under ODF Overlay District.
- ⁴ See § 485-179 for other ODF regulations

- ⁵ FAR may be increased by use of environmental enhancement incentive. (See Article XX.)
- ⁶ All uses other than one- and two-family dwellings are subject to approval by the Plan Commission of building, site and operational plans.
- ⁷ For all units, add 100 square feet per unit to required square footage if there is no basement storage space of at least 200 square feet designated for each unit.
- ⁸ Only 70% of any livable floor area which is over another livable floor area may be counted toward required minimum floor area.
- ⁹ Lot size and lot width as necessary to meet other requirements.
- ¹⁰ Special exemption may be granted to increase height up to 61 feet.
- ¹¹ 200 feet when abutting a district with residential as a permitted use.
- ¹² Property owners may increase the maximum building height above 65 feet by one additional foot for each foot the minimum setback from the right-of-way increases. However, the maximum building height shall not exceed 100 feet.
