Flood data source: FEMA Flood Insurance Rate Map (effective November 4, 2015).  
Note to be used to determine whether flood insurance is available in designated areas. For confirmation contact the National Flood Insurance Program (NFIP) office for the community. Flood insurance is not available in areas designated as Special Flood Hazard Areas (SFHA) on the official Flood Insurance Rate Map for any additional areas of special flood hazard. However, waters in some areas may be too shallow to flood or may have been dammed, which may not be reflected on the map. For more information, contact the NFIP office for the community.
