“****” Denotes sections of the Deschutes County Code not amended by Ordinance 2011-XXX.

“Agri-tourism” means a commercial enterprise at a working farm or ranch that is incidental and subordinate to the existing farm use of the tract that promotes successful agriculture, generates supplemental income for the owner and complies with Oregon Statue and Rule. Any assembly of persons shall be for the purpose of taking part in agriculturally based operations or activities such as animal or crop care, picking fruits or vegetables, cooking or cleaning farm products, tasting farm products; or learning about farm or ranch operations. Agri-tourism does not include “commercial events or activities.” Celebratory gatherings, weddings, parties, or similar uses are not agri-tourism.

"Agricultural Land" means lands classified by the U. S. Soil Conservation Service (SCS) as predominately Class I-VI soils, and other lands in different soil classes which are suitable for farm use, taking into consideration soil fertility, suitability for grazing and cropping, climatic conditions, existing and future availability of water for farm irrigation purposes, existing land use patterns, technological and energy inputs required, and accepted farming practices. Lands in other classes which are necessary to permit farm practices to be undertaken on adjacent or nearby lands shall be included as agricultural lands in any event.

“Agricultural structure” means any structure considered to be an “agricultural building” under the State Building Code (Section 326) as referenced in DCC 15.04.010 and is (1) located on a parcel that is at least 20 acres in size and contains at least 8.5 irrigated acres, or (2) a parcel that is at least 80 acres in size, regardless of irrigation.

"Agricultural use" means any use of land, whether for profit or not, related to raising, harvesting and selling crops or by the feeding, breeding, management and sale of, or the produce of, livestock, poultry, fur-bearing animals or honeybees or for dairying and the sale of dairy products or any other agricultural or horticultural use or animal husbandry or any combination thereof not specifically covered elsewhere in the applicable zone. Agricultural use includes the preparation and storage of the products raised on such land for human and animal use and disposal by marketing or otherwise. Agricultural use also includes the propagation, cultivation, maintenance and harvesting of aquatic species. Agricultural use does not include the use of land subject to the provisions of ORS chapter 321, except land used exclusively for growing cultured Christmas trees.

"Commercial agricultural enterprise" means farm operations which will:

- A. Contribute in a substantial way to the area's existing agricultural economy; and
- B. Help maintain agricultural processors and established farm markets. When determining whether a farm is part of a commercial agricultural enterprise, not only what is produced, but how much and how it is marketed shall be considered.

"Commercial amusement establishment" means a facility supplying refreshments and various forms of entertainment to the general public.

"Commercial event or activity" means any meeting, celebratory gathering, wedding, party, or similar uses consisting of any assembly of persons and the sale of goods or services. It does not include agri-tourism. In DCC 18.16.042, a commercial event or activity shall be related to and supportive of agriculture.

"Commercial farm" as used in DCC 18.16 means those land tracts shown on the 1991 Assessor's records as contiguous ownership tracts under one name (or separated only by a road), zoned EFU, receiving special assessment for farm use and in the top 90 percent of assessed farm use values (arranged in ascending order). These farms are identified in the resource element of the comprehensive plan.

"Commercial forest land" means land which is used for the growing and harvesting of forest tree species.

"Commercial residential use" means a building, portion of a building or group of buildings designed or used for human occupancy or lodging for which a fee is charged, such as a hotel, motel or tourist camp, but excluding quarters intended for permanent occupancy such as a duplex or apartment. A manufactured home park is not included in this definition.

"Commercial use" means the use of land primarily for the retail sale of products or services, including offices. It does not include factories, warehouses, freight terminals or wholesale distribution centers.

"Community center" means a community meeting, retreat and activity facility serving the social or recreational needs of community residents or visitors.

 - 11.
