NOTES: ¹ The maximum building height of a principal building may be increased to 45 feet, provided the minimum setback to an adjoining residential lot is equal to two times the building height. ² Refer to § 235-14.6 for additional bulk standards which shall apply to the SB Zoning District. ³ The Planning Board, in its discretion, may increase the building height by up to an additional 10 feet, provided it has determined that it shall not have a significant visual impact on adjoining residential uses or scenic resources. ⁴ The Planning Board may reduce the setbacks, but no building or parking area shall be located closer to an existing residence than 100 feet. No setbacks shall be less than 60 feet for the minimum front yard, and 50 feet for the minimum side yard. The reduction shall be permitted only where it is determined that it will not create a conflict or hazard to adjoining roads or properties.
