(Ord. of 10-16-17)

SECTION 8: AMENDMENT “15.08.080 Quasi-Judicial Decisions” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.08.080 Quasi-Judicial Decisions

A. Appeals. – Except as otherwise provided by the Town Code, the Board of Adjustment shall hear and decide appeals from administrative decisions made under the Town’s development regulations including its zoning regulations. The provisions of KBC 12.06.040 and KBC 12.06.050 are applicable to these appeals.

B. Special Use Permits. –

1. Special uses which may be allowed in certain zoning districts with appropriate conditions and safeguards are identified in the district regulations with an “S.”
2. Town Council shall hear and decide special use permits in accordance with the provisions of KBC 12.06.050 and may impose reasonable and appropriate conditions and safeguards when granting these permits. Where appropriate, such conditions may include requirements that street and utility rights-of-way be dedicated to the public and that provision be made for recreational space and facilities. Conditions and safeguards imposed under this subsection shall not include requirements for which the Town is not authorized under statute to regulate nor requirements which courts have held to be unenforceable if imposed directly by the Town including, without limitation, taxes, impact fees, building design elements within the scope of G.S. 160D-702(b), driveway-related improvements in excess of those allowed in G.S. 136-18(29) and G.S.

160A-307, or other unauthorized limitations on the development or use of land. 3. The regulations may provide that defined minor modifications to special use permits which do not involve a change in uses permitted or the density of overall development permitted may be reviewed and approved administratively. Any other modification or revocation of a special use permit shall follow the same process for approval as is applicable to the approval of a special use permit. If multiple parcels of land are subject to a special use permit, the owners of individual parcels may apply for permit modification so long as the modification would not result in other properties failing to meet the terms of the special use permit or regulations. Any modifications approved apply only to those properties whose owners apply for the modification. 4.

Procedures, -

- a. Applications for a special use permit shall only be submitted by the landowner or the landowner’s duly authorized agent.
- b. Town Council shall hear and decide applications for a special use permit following review and comment of the application by the Planning and Zoning Commission. Council is not bound by the recommendations of the Planning and Zoning Commission.
- c. The provisions of KBC 12.06.050 are applicable to Town Council’s hearing and deciding applications for special use permits.
- d. In granting a special use permit, Town Council shall find, on the basis of competent, material, and substantial evidence, that the proposed special use:
 - (1) Will not materially endanger the public health, safety, or welfare if located where proposed.

- (2) Meets all required conditions and specifications under the Town Code.
- (3) Will not substantially injure the value of adjoining property (or alternatively, is a public necessity).
- (4) If developed and used as proposed, will be harmonious and compatible with the area in which it is proposed to be located and is generally consistent with the Town's comprehensive plan.

e. Special use permits shall become null and void after 2 years unless the approved use has commenced and/or a foundation inspection has been approved.

f. The Planning and Zoning Commission is authorized to approve minor modifications in the plans for an approved special use provided any such changes comply with sub-sub-subsections (1) through (4) immediately above and the conditions imposed by Council on the special use permit, if any, have been met. For the purposes of this sub-subsection, the following shall not be construed as or deemed to be "minor modifications:"

- (1) Changes in the character of the development.
- (2) Any increase in intensity of the special use such as in its square footage, number of dwelling units, or site coverage.
- (3) Significant changes to traffic circulation and access to streets and roadways.
- (4) Any reduction in approved setbacks.

Other modifications to an approved special use permit shall be heard and decided by Town Council as a new application.

C. Certificates of Appropriateness. – The Historic Preservation Commission shall hear and decide applications for certificates of appropriateness and appeals from administrative decisions on minor work within the Downtown Preservation Overlay District as set forth in KBC 15.08.120. The provisions of KBC 12.06.050 are applicable to these hearings.

D. Variances. – When unnecessary hardships would result from carrying out the strict letter of a zoning regulation, the Board of Adjustment shall vary any of the provisions of the zoning regulations upon a showing of all the following:

1. Unnecessary hardship would result from the strict application of the regulation. It is not necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.
2. The hardship results from conditions which are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or to the general public, may not be the basis for granting a variance. A variance may be granted when necessary and appropriate to make a reasonable accommodation under the Federal Fair Housing Act for a person with a disability.

3. The hardship did not result from actions taken by the applicant or the property owner provided that, however, the act of purchasing property with knowledge that circumstances exist which may justify the granting of a variance is not a self-created hardship.
4. The requested variance is consistent with the spirit, purpose, and intent of the zoning regulation, such that public safety is secured and substantial justice is achieved. No change in permitted uses may be authorized by variance. Appropriate conditions may be imposed on any variance, provided that the conditions are reasonably related to the variance. The provisions of KBC 12.06.050 are applicable in hearing and deciding requests for a variance.

AFTER AMENDMENT

15.08.080 Quasi-Judicial Decisions

- A. Appeals. – Except as otherwise provided by the Town Code, the Board of Adjustment shall hear and decide appeals from administrative decisions made under the Town’s development regulations including its zoning regulations. AFTER AMENDMENT

15.36.160 Height Exception Requirements

- A. The exceptions to the thirty-five-foot height limit of structures allowed by the state law applies to spires, belfries, cupolas, antennas, water tanks, ventilators, chimneys or other appurtenances usually required to be placed above the roof level and not intended for human occupancy; therefore, any person desiring to construct such an exception must first apply for the permission to construct such exception before the Ttechnical Rreview Committee ("TRC").
- B. The TRC shall consist of the members ofbe the Planning and Zoning Committee of the Town ~~of Kure Beach~~and ~~who~~ shall review height exceptions wherein the applicant is required to~~provided that the applicant for same can~~ show that the exception is architecturally and economically necessary, consistent with the current zoning district

regulations, and harmonious ~~and consistent~~ with the neighborhood within which the exception is proposed ~~located~~.

- C. It is required to resubmit application for approval if applicant changes approved plan or materials/product substitutions are made. Regular application fees apply.
- D. The following shall be guidelines for the TRC when considering exceptions in commercially zoned districts:
1. Chimneys must meet state and local building codes and remain ventless where applicable.
 2. Electronic communication antennas must meet any provisions regulating such installations.
 3. Parapet firewalls must meet state and local building codes as determined by building use.
 4. Architectural details and screening may exceed the height limit by not more than seven (7) percent of the building height.
 5. Ventilation hoods, HVAC equipment and any mechanical appurtenance required for building operation shall be considered by the TRC. Manufacturer's standards apply. Substitutions or changes will require second review of the TRC.
 6. Elevator bulkheads and roof access stairways shall be considered by the TRC. Minimum manufacturer's height standards for maintenance access shall apply.
 7. No appurtenance shall be considered if the area allowed is used for human occupancy.
 8. Belfries are bell towers attached to commercial buildings and shall not exceed seven (7) percent of the building height. These items are for architectural aesthetics only (example: clock tower).
 9. Spires are steeply pointed terminations to a tower, a roof or a church steeple. Spires shall not exceed seven (7) percent of the building height.
 10. Cupolas are ornamental structures located on top of a larger roof used to admit light or provide ventilation. Cupolas may be constructed on commercial buildings. They should not exceed one hundred fifty (150) square feet and shall not exceed seven (7) percent of the building height.
- E. The following shall be guidelines for the TRC when considering exceptions in residentially zoned districts:
1. Chimneys must meet state and local building codes and remain ventless where applicable.
 2. Electronic communication antennas must meet any provisions regulating such installations.
 3. Ventilators required for building operation shall be considered by the TRC. Manufacturer's standards apply. Substitutions or changes will require second review of the TRC.
 4. No appurtenance shall be considered if the area allowed is used for human occupancy.
 5. Belfries are bell towers attached to buildings and shall not exceed proposed building height. These items are for architectural aesthetics only and usually reserved for commercial use.

6. Spires are steeply pointed terminations to a tower or roof and are usually reserved for churches.
7. Cupolas are ornamental structures located on top of a larger roof used to admit light or provide ventilation. Cupolas may be constructed and should not exceed one hundred (100) square feet and (3) percent of the building height.
8. Any appurtenance not listed in the residential section of this ordinance shall not be considered by the TRC for approval.

SECTION 21: AMENDMENT “15.36.190 Combination Of Required Parking Space” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.36.190 Combination Of Required Parking Space

The required parking space for any number of separate uses may be combined in one (1) lot but the required spaces assigned to one (1) use may not be assigned to another use, unless authorized by a special use permit issued in accordance with the following criteria:

- A. Up to fifty (50) percent of the parking spaces may be used jointly with other uses not normally open, used or operated during similar hours.
- B. The resulting number of required parking spaces and hourly parking demands shall be based upon well recognized sources of parking data such as the ULI and ITE.
- C. A written agreement defining the joint use acceptable to the town council and approved by the landowners and developers must be provided.
- D. Other factors such as seasonal peaks in demand, the site's orientation, and location of access, pedestrian connections, and accessibility to other nearby parking should be considered.

SECTION 22: AMENDMENT “15.36.240 Solar Energy Equipment” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.36.240 Solar Energy Equipment

- A. *Purpose.* The purpose of this section is to provide standards for the use of solar energy equipment as accessory uses within the Town of Kure Beach. This section seeks to protect properties from incompatible uses and to conserve and enhance property values, while promoting the use of alternative energy sources, where appropriate. This section provides a process to facilitate the use of solar power in a manner that minimizes visual impacts of solar energy equipment and the potential for nuisance.
- B. *Definition.* "Solar energy equipment" is defined as a solar photovoltaic panel, solar hot air or hot water panel collector device, or other type of energy system which relies upon solar radiation as a source for the generation of electricity or transfer of stored heat which is located on the power beneficiary's premises; is designed and intended primarily to offset up to one hundred fifty (150) percent of the beneficiary's requirements for energy consumption on-site as documented through the submission of power company electricity usage bills or another form of documentation acceptable to the Town of Kure Beach Zoning Officer; and is secondary to the beneficiary's use of the premises for other lawful purposes. Systems that offset over one hundred fifty (150) percent of the beneficiary's requirements for energy consumption on-site are classified as commercial systems and are prohibited.
- C. *Accessory use.* Solar energy equipment shall be permitted as an accessory use in any zoning district upon receipt of a permit from the building inspector.
- D. *Exclusions from building permit requirement.*
 - 1. The installation of one (1) solar panel with total area of less than four (4) square feet.
 - 2. Repair and replacement of existing solar energy equipment, provided that there is no expansion of the size or coverage area of the solar energy equipment.
 - 3. Nonconforming solar energy equipment installed prior to the adoption of Ord. of 5-15-12 shall be excluded from permit requirement. Solar energy system equipment that replaces fifty (50) percent or more of existing solar energy system equipment installed prior to the adoption of Ord. of 5-15-12 needs to conform to Ord. of 5-15-12.
- E. *Application for building permit.*

1. An applicant who seeks to install solar energy equipment shall submit an application for a zoning permit, as provided by the Town of Kure Beach. The application shall include photographs of the existing conditions of the property as well as renderings of the proposed solar energy equipment from front street level.
2. Review of application: Upon receipt of a completed application for the installation of solar energy equipment, the building inspector shall have the authority to impose reasonable conditions to safeguard the public health, safety and welfare.

F. *Regulations and requirements.*

1. Solar energy equipment shall be located in the least visibly obtrusive location where panels would be functional;
2. Solar energy equipment must comply with all setback and height requirements for the zoning district in which the property is located.

G. *Roof-mounted systems.* All roof-mounted systems must have an engineer's letter outlining suggested attachment. Roof-mounted systems refers to systems mounted on the primary residential or commercial mounted systems.

1. It is encouraged that roof-mounted solar energy equipment shall be installed in the plane of the roof (flush-mounted) or made a part of the roof design (capping or framing is compatible with the color of the roof or structure). Mounting brackets shall be permitted if the applicant can demonstrate that the existing pitch of the roof would render the solar energy equipment ineffective or would be impossible. A roof-mounted solar energy facility or structure that is to be mounted on a flat roof may be angled to achieve maximum sun exposure but shall not exceed five (5) feet above the roof.
2. Solar energy equipment shall be located on a rear- or side-facing roof, as seen from the fronting street, unless the applicant can demonstrate that such installation would be ineffective or is impossible.
3. Solar energy equipment shall not project vertically above twelve (12) inches below the peak of the roof to which it is attached, or project more than five (5) feet above a flat roof.
4. The solar energy equipment shall not be within twelve (12) inches from the eaves of the roof or within twelve (12) inches from the overhang of the roof.
5. All exterior electrical and/or plumbing lines must be painted in a color scheme that matches as closely as reasonably possible the color of the structure and the materials adjacent to the lines.
6. No roof-mounted solar energy equipment shall be installed on a nonconforming structure that would create more nonconformity.
7. An external disconnect switch shall be provided, and the owner must file a map with the fire and police departments clearly showing where the disconnect switch is located.
8. At no point shall any solar equipment exceed thirty-five (35) feet in height.
9. The Town of Kure Beach recognizes that there are continuous improvements in solar equipment technology. Nonreflective solar cells that are completely integrated into normal building material such as roof tiles may be exempt from

subparagraphs G,3 and G,4. The building inspector will determine if the proposed system is sufficiently integrated into the building material to qualify for this exemption.

H. *Ground-mounted systems.*

1. The ground-mounting of solar energy equipment is not allowed with the following exceptions:
 - a. Small, incidental systems used for solar lights and landscaping, not to exceed one (1) square foot per system.
 - b. The total combined square footage for ground-mounted solar energy equipment cannot exceed four (4) square feet per property.
 - c. Passive heating systems installed horizontally and directly over spas or pools.

I. *Wind systems.* Wind systems are not permitted in any form, in any district.

(Ord. of 5-15-12)

SECTION 23: **ADOPTION** “15.36.250 Wind Energy Equipment” of the Town of Kure Beach Municipal Code is hereby *added* as follows:

BEFORE ADOPTION

15.36.250 Wind Energy Equipment (Non-existent)

AFTER ADOPTION

15.36.250 Wind Energy Equipment(*Added*)

Wind energy systems are not permitted in any form in any district.

SECTION 24: **AMENDMENT** “15.38.020 Continuance Of Nonconforming Situation” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.38.020 Continuance Of Nonconforming Situation

The lawful use of a structure, land, or use of structure and land existing at the time of the passage of this ordinance from which this section was derived may be continued although such does not conform with the provisions of this chapter provided they conform to the following provisions:

- A. *Minimum single lot requirements.* Where the owner of a lot, or his successor in title thereto does not own sufficient land to enable him to conform to the area requirements of this chapter, the lot may be used as a building site, provided that the minimum back, front, and side yard/setback requirements for the district in which the lot is located are met.
- B. *Extension in yard/setback space.* A structure that is nonconforming as to yard/setback requirements but conforms to the permissible use within the district in which it is located shall not be enlarged or extended in any direction (horizontally or vertically) into the required open space of the yard/setback area, except for energy conservation enclosures in subparagraph I below, and changes in roof design in subparagraph J below, and ramps, lifting devices and hand rails or a combination of these for the handicapped in subparagraph K below.
- C. *Change of use.* A nonconforming use shall be changed to only those uses that are permitted in this chapter for the district in which such nonconforming use is located.
- D. *Extension in use.* There shall be no extension in a nonconforming use that would increase the building's occupancy, square footage, production, servicing or utility demands except that any structure used for single-family residential purposes and maintained as a nonconforming use or structure may be enlarged or replaced with a similar structure of a larger size, so long as the enlargement or replacement does not create new nonconformities or increase the extent of existing nonconformities with respect to yard/setback requirements which at a minimum should comply with the RA-1A residential requirements.
- E. *Repairs and alterations.* Normal maintenance, repairs, and improvements of nonconforming buildings shall be permitted provided that it does not violate subparagraphs B—D above.
- F. *Damage or destruction.* Any nonconforming structure or any building containing a nonconforming use which has been damaged, destroyed, demolished, or removed either by accident or by natural causes may be reconstructed and used as before if a building permit is applied for within one (1) year from the date of destruction, provided, it does not violate subparagraphs B—D above.
- G. *Cessation.* If active operation of a nonconforming use is discontinued for a period of twelve (12) consecutive months, such nonconforming use shall thereafter be used only for a conforming use. A cessation will also occur when a structure is willfully removed. Once a nonconforming situation has been changed to a conforming situation, it shall not revert back to a nonconforming situation.
- H. *Transfer of nonconforming property.* Nonconforming situations cannot be transferred with a lot if it is vacant at the time of transfer, except as noted in subparagraph A above.
- I. *Energy conservation.* A covered entrance way already in existence within the setback area, which has a permanent foundation and floor and is covered by an existing roof, may be enclosed for energy conservation purposes. The inside dimensions of the

enclosure shall be less than seventy (70) square feet in area.

- J. *Change of roof design.* A flat roof may be changed to a pitched roof provided that such roof shall not exceed a four (4) to twelve (12) ratio. The pitched roof shall not extend horizontally any further than existing nonconforming the situation, nor shall it exceed the current building height limitation. Gutters and downspouts shall be provided to control runoff when adjoining property would be affected as a result of this modification. Where gutters are required, they shall not encroach on the adjoining property.
- K. *Facilities for handicapped persons.* A ramp, lifting device and hand rails or a combination of these may be constructed in the setback area, provided that no other suitable conforming alternative exists, for the use of persons who are unable to enter or leave their place of dwelling without the assistance of other persons or a self-propelled method of travel. The facilities listed in this section may not encroach upon the adjoining property. Application for the facility will be made to the building inspector who will investigate and make recommendation to the planning and zoning commission. After their review, planning and zoning will make recommendations to Kure Beach Town Council. After council's review of the case, and upon approval, they will instruct the building inspector to issue a permit and monitor the construction.

(Ord. of 3-18-08(8); Ord. of 2-20-18)

SECTION 25: AMENDMENT “15.40.020 Definitions” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.40.020 Definitions

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Billboard shall mean an independent advertising device used to disseminate information concerning a person, place, activity or thing not pertaining to the use of the land upon which the advertising device is located.

Canopy sign shall mean a projecting sign attached to or hung from a marquee and such marquee shall be known to mean a canopy or covered structure projecting from and supported by a building, when such canopy or covered structure extends beyond the building line or property line.

Extraterritorial jurisdiction shall mean the area adjacent to the town where town land development regulations can be applied.

Freestanding sign shall mean an outdoor sign when such sign is supported by uprights or braces in or upon the ground. Ground sign does not mean billboard.

Monument sign shall mean a freestanding sign that is detached from a building and having a support structure that is a solid-appearing base constructed of concrete block, brick, or wood. All other freestanding sign types not meeting the definition of a monument sign shall be either a pole sign or a pylon sign.

Portable sign shall mean any sign which is not securely and permanently attached to the ground or a building.

Projecting sign shall mean an outdoor sign which is affixed to any building wall or structure and extends beyond the building wall, structure, building line or property line.

Roof sign shall mean an outdoor sign erected, constructed, or attached above or to the roof of any building.

Shingle sign shall mean a projection or wall sign attached to a building.

Sign shall mean any outdoor device or display consisting of letters, numbers, symbols, pictures, illustrations, announcements, cutouts, insignia, trademarks, or demonstrations designed to advertise, inform, identify or to attract the attention of persons. A sign shall be construed to be a display or device containing elements organized, related, and composed to form a single unit. In the event material is displayed in a random or unconnected fashion without organized relationship of the components, each component or element shall be considered a single sign.

Temporary sign shall mean a sign to be used on an interim basis.

Wall sign shall mean an outdoor sign that is affixed to or painted on the wall of any building, providing it does not project more than twelve (12) inches from the building.

SECTION 26: AMENDMENT “15.40.030 Application Of Regulations” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.40.030 Application Of Regulations

All signs within the jurisdictional area shall be covered by these regulations and shall be erected, constructed, and maintained in accordance with the provisions of this article, the North Carolina Building Code, and the National Electrical Code. Only those signs that are permitted shall be erected within the jurisdictional areas of this article. See the table on file in the town clerk's office for list of signs that are prohibited by zone.

- A. *Computation of area of individual signs.* The area or "surface area" of a sign is defined by the smallest perimeter (formed by a rectangle) fully enclosing the total surface devoted to the sign's message, together with any ornamentation, embellishment, and associated background, excluding any necessary supports or uprights on which the message is placed and excluding any architectural ornamentation. As an aid to interpreting this formulation, the following is to be employed:
1. If the message is on a surface, structure or frame specifically employed for holding signage, the entire surface area within the frame's border is counted;
 2. If the message is on a door, wall or other structural part of a building, only that portion of the door, wall or structure actually devoted to the message and associated symbols and background, if any, is counted.
 3. If a sign has two (2) or more faces, the area of all faces shall be included in determining the area of the sign and the area of the sign shall be taken as the area of one (1) face if the two (2) faces are of equal area, or the area of the larger face if the two (2) faces are of unequal area.
- B. *Total sign area allowed for permanent nonresidential signs.* Each commercial and

business property is allowed a total aggregate surface area not to exceed one and one-half (1½) square feet for each linear foot of building frontage. Buildings located on corner lots (fronting upon two (2) public commercial street rights-of-way, excluding alleys, walkways, side streets and residential streets) and multi-story buildings with upper-floor, nonresidential occupants or tenants are allowed a maximum sign surface not to exceed one and one-half (1½) square feet for every linear foot of building frontage. Suspended and projecting signs shall be calculated separately from other wall signs.

- C. *Signs not included in total area allowance.* All permanent signs permitted and regulated through the ordinance shall count as part of the property's total allowed signage except: building markers, flags and flagpoles, identification, incidental, wall-mounted directory of no larger than three (3) square feet, suspended signs of no larger than two (2) square feet in total area. In addition, signs specifically associated with sidewalk cafes, sandwich boards and street furniture shall not be calculated as part of the establishment's total sign area.

SECTION 27: **AMENDMENT** “15.40.040 Exceptions” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.40.040 Exceptions

The signs listed below are excluded from these regulations:

- A. Signs not exceeding four (4) square feet in area and bearing only property numbers, post office box numbers, names of occupants of premises, or other identification of premises not having commercial connotations and are on owner's property.
- B. Flags, signs, and insignias of any governmental agency, except where displayed in connection with commercial promotion; items in this category are not to exceed thirty-two (32) square feet.
- C. Signs directing and guiding traffic, parking and safety signs on private property, but bearing no advertising matter. Items in this category are not to exceed six (6) square feet.
- D. Yard sale and for sale signs which are temporary. Items in this category are not to exceed six (6) square feet. All signs in this category must be set off street right-of-way in all zones except commercial. All signs in this category in the commercial district must be set back three (3) feet from the right-of-way. If three (3) feet is not available the sign must be behind the sidewalk or attached to the structure.
- E. Signs located on church property not exceeding thirty-two (32) square feet. A maximum of two (2) church signs directing persons to churches located within the town not exceeding four (4) square feet each.
- F. Current residential monument signs erected prior to 2008 are allowed. Monument signs must be approved and are subject to the subdivision approval process.

- G. Temporary signs may be erected on privately owned premises for a cumulative durational period of ninety (90) days within a single calendar year. Temporary signs will not be allowed in the right-of-way within the town limits or on any publicly owned property. Temporary signs in the extraterritorial jurisdiction shall be placed near the tree line from the edge of the road. Temporary signs may not be erected within fifty (50) feet of Town Hall or polling places twenty-four (24) hours prior to the scheduled election subject to limits imposed by the New Hanover County Board of Elections. Temporary signs may not exceed six (6) square feet in size.
- H. Historically significant signs. The Federal Point Historic Preservation Society, the committee charged with protecting historical districts, may nominate signs located in such districts as historically significant signs. The town council shall hold a public hearing and make final determination as to the historical significance of such nominated sign, and if such sign is found to be historically significant, then the prohibition herein shall not regulate such sign. However, such sign may only be maintained and shall not be enlarged, diminished or significantly changed, and in the event of such notification of change, it shall lose the protection as an historically significant sign.
- I. Freestanding or monument signs for existing homeowner associations of more than four (4) lots noting only entrances, and/or common areas designated for owners use i.e. pool, parking lot, tennis court, clubhouse, etc. Signs shall be limited to thirty-two (32) square feet and up to eight (8) feet tall, shall be illuminated from the exterior only, and shall be constructed of the same material to have a similar look of the homes located within the HOA. No sign shall contain any changeable copy system. When using this exception, no more than two (2) signs per entrance and/or common areas are allowed. Permitting process of KBC 15.40.050 applies.

(Ord. of 6-16-09; Ord. of 10-20-09; Ord. of 3-15-11, # 3; Ord. of 4-21-16; Ord. of 10-22-18)

SECTION 28: **AMENDMENT** “15.40.060 Prohibited Signs” of the Town of Kure Beach Municipal Code is hereby *amended* as follows:

BEFORE AMENDMENT

15.40.060 Prohibited Signs

Unless expressly permitted elsewhere in this chapter, the following commercial signs are prohibited:

- A. No commercial sign shall be erected within or encroach upon any public property or within any public right-of-way, or which obstructs the sight distance at intersections.
- B. Flashing, moving, pulsating or intermittently lighted signs, electronic reader boards, programmable signs, time and temperature signs, laser lighting and search lights.
- C. Signs which conflict with or imitate any traffic control device due to color, wording, design, location or illumination, or which interfere with the safe and efficient flow of vehicular and/or pedestrian traffic.
- D. Animals, or human beings, live or simulated, designed or used so as to attract attention to the premises.
- E. Loudspeakers or signs which emit sound, odor or visible matter.
- F. Signs with mechanical movement.
- G. Flags, kites, pennants, balloons, spinners, streamers, or other such advertising devices or displays, except seasonal holiday decorations and other temporary, noncommercial celebratory activities, such as birthday parties.
- H. Signs which constitute a nuisance or hazard due to their intensity of light.
- I. Signs which no longer identify a bona fide business conducted on the premises. Such signs shall be removed by the owner of the sign within sixty (60) days of the business' closing date.
- J. Vehicle signs, trailer signs, signs affixed to automobiles, trucks, trailers, or other vehicles parked on any property within the Town for the principal purpose of advertising or display. The following shall constitute a prima facie violation of this section:
 - 1. The advertising medium utilized on the vehicle is a sign, device, or structure separate from the vehicle.
 - 2. The copy is readily changeable, including but not limited to, repainting such sign, device or structure.
 - 3. The sign, device or structure exceeds nine (9) square feet in area and the vehicle is parked on the street or on the business premises to which the advertising relates or in reasonable proximity thereto and the location of the advertising is reasonably calculated to direct an observer toward the business. It shall be considered that advertising was the principal purpose of the parking of the vehicle, notwithstanding the fact that the vehicle is driven to and from the business premises on a daily basis. The vehicle is not parked in a manner to circumvent the standards of this chapter for the amount or type of signing permissible on a site by either parking on the site or on public rights-of-way immediately adjoining the site in such a manner as to call attention to the sign or vehicle.
- K. Exposed neon conduit or tubing, interior or exterior neon window signs, interior or exterior LED signs, or lighting displays inside or outside the building so as to be visible from streets, parking areas or site boundaries, unless approved as part of a planned sign program. An attractive and artistic exposed neon sign is allowed.
- L. Window signs, except as expressly permitted by this division, or as required by law, shall not exceed more than twenty-five (25) percent of the window area. The definition of window signs is any sign that is placed within four (4) feet of a window for the purposes of being able to view the sign from outside the business.

- M. Signs which have less horizontal or vertical clearance from authorized communication or energized electrical power lines than that prescribed by the laws of the State of North Carolina.
- N. Painted-on-the-wall signs, signs constructed on cloth, canvas, fabric, cardboard, wall board, or other light flimsy material with or without frames.
- O. Notices, placards, bills, posters, cards, stickers, banners, signs, advertisings, or other devices designed to attract the attention of the public that are posted or otherwise affixed upon any street, street furniture, right-of-way public sidewalk, crosswalk, curb, lamppost, hydrant, tree, alley, telephone pole, public telephone, vehicle, lighting system, or other public alarm or communication system.
- P. Obscene or offensive signs containing statements, words or pictures of an obscene or indecent character which appeals to a prurient interest in sex, or which are patently offensive.
- Q. Portable signs, except moveable commercial A-frame, or easel type signs may be permitted for businesses to advertise menus, sale items, or other business promotions. These signs shall be designed to complement the decor of the business or building where they occur and shall comply with the following standards: One (1) moveable, freestanding sign shall be permitted for each business; all signs shall be located on private property and must allow sufficient access to doors/pathways and not impede pedestrian movement; all signs must be removed when business is closed. The maximum allowable size of the sign and supporting structure shall not exceed forty-eight (48) inches in height, thirty (30) inches in width and thirty-six (36) inches in depth. The maximum sign area shall not exceed ten (10) square feet. Signs shall not contain illumination.
- R. Temporary "grand opening" signs are allowed no more than two (2) months.
- S. Signs affixed to trees or other natural vegetation or rocks.
- T. All roof signs and signs projecting above the roof-line.
- U. Except in a state of emergency, any permitted or nonconforming sign or sign structure which has been damaged may be repaired and used as before, provided all repairs are initiated within thirty (30) days and completed within ninety (90) days of such damage. Internally illuminated can signs with translucent copy and field. Low luminance internally illuminated channel letter and halo signs (reverse channel letter signs are permitted). It is encouraged that all major business signs be externally illuminated. External illumination devices such as, but not limited to, flood or spot lights shall be so placed and so shielded as to prevent the rays of illumination from being cast upon neighboring buildings and/or vehicles approaching from either direction. No blinking illuminations shall be permitted.

- V. Billboards are prohibited in any district.
